 - 2.
 - 3.
- What isn't working? Make a list of any issues you would like discussed.
 - 1.
 - 2.
 - 3.
- Talk to your student, if appropriate, about their goals. What would you like to focus on this year?

During the IEP Meeting

- Remember that you are an equal member of the IEP team and that you are the expert on your child.
- If you don't understand something or need something clarified, stop and ask questions.
- Consider your role as to how you can support the plan to help your child succeed.
- Share any outside treatment plans or notes at the meeting. Teamwork is essential for your student's success.

After the IEP Meeting

- If you think of any questions you forgot to ask during the IEP, do not hesitate to contact the school.
- Review the IEP with your student, if appropriate. Discuss expectations and help answer any questions your student might have.
- Consider sharing your IEP with other professionals working with your student. Teamwork is essential for student success.
